

## Bodegas Jorge Ordoñez Malaga, S.L.

Bodegas Jorge Ordoñez Malaga is located in Ordoñez hometown and was founded in 2004. It is the result of the collaboration between Ordonez and the world famous Austrian winemaker, Alois Kracher. The goal of the winery was to resuscitate the century's long tradition of winemaking in Jorge's hometown, which was destroyed by the phylloxera plague in the 19<sup>th</sup> century. The vineyards are the most extreme of all of Europe, planted at inclinations of up to 70° and grapes are loaded onto the backs of mules to carry them up into the steep vineyard slopes.
