

**BOUCHARD FINLAYSON**  
A BOUTIQUE VINEYARD

*In a hidden valley at the Southern tip of the new world lies a winery that combines the best of the old ways with a streak of innovation and creativity. Established in 1989, Bouchard Finlayson is located in the internationally acclaimed wine region of Walker Bay in the Western Cape. The winery began as collaboration between Paul Bouchard, celebrated Burgundian winemaker, and locally awarded talent, Peter Finlayson. Together they broke the soil, planted the vines and built the cellar that would become world-renowned as Bouchard Finlayson.*

The wine reflects a traditional mineral quality, which is symptomatic of the vineyard's restrained location, with floral notes playing the "fresh palate" enthusiasts. The evolution of this bottling will gradually offer more pronounced nutty and creamy components with enhanced maturation flavors.

Showing both power and finesse, it gives way to gentle flavors of black cherry, spice and strawberry. While very approachable at an early age, it will mature handsomely over many years ahead.

**2011 Galpin Peak Pinot Noir, 6pk**

<b>310.95</b>	<b>234.00</b>

**Varietal:** 100% Pinot Noir

**Wine of Origin:** Hemel-en- Aarde Valley, Walker Bay

**Alcohol:** 13.77%

Perhaps best described as most typically Pinot Noir-like in flavor, rich but elegant. A beautiful wine, deftly balanced with lots of red berry fruit character and pretty floral aromas. Its inherent balance and fruity personality promises the development of added flavor and dimensions over a period of aging.
