

## Dominio de Eguren, S.L.

The winery is located in the municipality of Paganos-Laguardia in Rioja Alavesa. It was founded in 1991 by the fourth generation of the Eguren family with the philosophy of selecting the highest quality grapes to produce high quality, affordable wine from old vineyards in Manchuela that the family completely controls. The vineyards were planted between 1940 and 1986 and the region is characterized by its continental climate influenced by the Mediterranean through east winds with cold winter and hot, dry summers.
