

FLEUR

de
California

Fleur wines represent decades of experience farming our vineyards in the Carneros region and physically walking the vineyards of our grower partners to better understand the fruit those vineyards will produce. Our wines exhibit true varietal character and showcase the unique qualities that our appellations bring to the wines. We work with the wines from the vineyard all the way to the bottling line and rather than following the ebb and flow of the various wine trends. We use our experience to help create them.
