

VISTALBA®

Carlos Pulenta, one of the innovators of the Argentina wine industry, built Bodega Vistalba in 2002 following the Bordeaux chateaux model to create sophisticated blends with incredible aging potential. All wines are sourced from his estate in the sub-appellation of Vistalba in the Lujan de Cuyo region of Mendoza. No more than 1,000 cases are made of any vintage. Bodega Vistalba is the only winery permitted to use the Vistalba appellation in its name.
